With more than 13 years of legal experience, Darin Fentress is a Practice Area Assistant in the firm's Business Litigation department. He assists attorneys in many aspects of business litigation, including electronic discovery, document production, review and analysis, creation and maintenance of electronic databases, and trial preparation. He also performs legal research, designs presentations, drafts pleadings and discovery, provides data analysis, prepares deposition outlines, creates trial preparation reports and summaries, researches and interviews potential witnesses, identifies and organizes exhibits, and provides support during trial.
