# Nathan Viehl Discusses Expected Increase of Software Services Private Equity Deals

Thompson Coburn Chicago partner [Nathan Viehl](#) was quoted in an article by *Mergermarket* on how private equity deals in the software services sector are expected to see a ramp-up this year.

Nathan explained that long-held software companies with significant AI capability could fetch healthy multiples in the event of a sale this year, provided they have strong balance sheets. He mentioned nearshoring—helping businesses move their manufacturing and production closer to their customer base—as an example of a hot market, adding that software groups serving that industry could be seen as attractive.
