EDUCATION

Sanford Brown College, Associates of Applied Science,
Paralegal Studies

As an IP paralegal, I work with trademark and patent prosecution and stay informed through continuing education in those areas to enhance my skills.

overview

Kayla Warakomski manages trademark portfolios, overseeing domestic and international filings. She handles trademark applications, renewals, and maintenance within the United States and coordinates with foreign associates for global protection. Kayla conducts thorough trademark searches, prepares necessary documentation, and ensures compliance with legal requirements.

Kayla also drafts and files PCT patent applications and documents necessary for national phase filing. She manages the global patent portfolio, overseeing patent prosecution domestically and internationally. She collaborates with foreign associates to navigate complex patent processes, responds to office actions, and communicates patent status updates to clients. Kayla ensures timely filings, including PCT applications and national phase entries, by conducting thorough patent searches and preparing necessary documentation.

in my free time

I cherish moments with my family. Our favorite activities include morning walks, movie nights, riding our jet skis at the lake with my parents and siblings, exploring new places, browsing Main Street shops and restaurants, and leaping into ocean waves. I find joy in sipping my morning cold brew coffee, working on health and fitness goals, and snuggling my large Maine Coon cat.
