

My clients are making a difference in lives of their patients and profoundly impacting their communities every day. It is a pleasure and a privilege to help them do that.

#### overview

Large multi-hospital health systems, small critical access hospitals, pharmacies, surgery centers, long-term care facilities, physician practices, and other health care clients count on Milada Goturi for critical assistance with the most challenging health care regulatory issues. A registered nurse herself, she brings a uniquely fundamental understanding of her clients' operations and needs.

With over 20 years of experience in health law, Milada offers practical advice on a wide range of regulatory matters, helping clients navigate risks and accomplish business objectives. She provides guidance on Medicare and Medicaid billing and reimbursement, provider-based requirements, Stark and Anti-kickback compliance, telehealth regulation, 340B compliance, provider licensing and accreditation, Medicare enrollment, medical staff matters, EMTALA, No Surprises Act, physician and vendor contracting, and other operational issues.

Milada is on the cutting edge of data privacy and security and handles all aspects of compliance with HIPAA, state data privacy laws and information blocking requirements. She helps clients establish privacy and security compliance programs to meet regulatory requirements and minimize risks. She also works with clients to analyze, manage, and respond to privacy and security incidents.

Milada represents providers faced with investigations by various government agencies, including the DOJ, OIG, OCR, state attorneys general, and others. She works closely with clients to develop appropriate responses and successfully negotiate timely and favorable outcomes. She also assists clients with developing and implementing corporate compliance programs, conducting internal investigations, and making self-disclosures to OIG and CMS.

Milada has extensive experience negotiating corporate health care transactions. Managing every aspect of the transaction, she structures and negotiates affiliations, mergers, acquisitions and joint ventures involving hospitals, surgery centers, physician practices, and other businesses.
